ABOUT ME

An aspiring IT professional with a Bachelor's degree in Computer Applications, committed to continuous learning and growth in the field of Information Technology. I am adaptable, flexible, and quick to adjust to changing work environments. Beyond my professional goals, I am passionate about fitness, reading, and maintaining a disciplined lifestyle.

EDUCATION

2022- 2025	**Bachelor of Computer Application**
presidency University	7.07 CGPA
2021 - 2022	**12th**
Kendriya vidyalaya malleswaram	63%
2019- 2020	**10th**
kendriya vidyalaya IIsc	66%

PROJECTS

- *Spotify Clone Web App*
  Built a simple music player using HTML, CSS, and Vanilla JavaScript. Features include playlist selection, play/pause, next/previous, and mute. Songs are fetched from a local server. Inspired by Code With Harry's YouTube tutorial.

- *Emotion Detection Using CNN – Python, Keras, OpenCV*
  Built a real-time facial emotion recognition system using CNN on grayscale images, classifying 7 emotions. Applied data preprocessing, class balancing, and model evaluation using precision, recall, and F1-score. Integrated with OpenCV for webcam-based live prediction and deployed via a Flask web app.

SKILLS

- HTML/CSS
- Javascript
- RDBMS queries
- DEVOPS
- Java(oops) basic
- Basic python
- Git and Github basic
- Basic concept of Ethical hacking

Certificate

- Ethical Hacker offered by Networking Academy through the Cisco Networking Academy program
